

Future Horizons Leeds

	<p>It is important for everyone to come to college on the days they are required to.</p>
	<p>Every day, you will learn new skills and try new things.</p>
	<p>The more you attend college, the more you will learn.</p>
	<p>Your parents or carers should try to ensure you attend on the days you are supposed to.</p>
	<p>Sometimes you may be ill so cannot attend.</p>
	<p>Sometimes you may need to stay at home to stay safe.</p>
	<p>There may be other reasons why you cannot attend college.</p>

Future Horizons Leeds

	<p>Your parents or carers should telephone the college to let them know why you are not attending.</p>
	<p>If your family want to take you on holiday during term time, they must first ask permission from the Principal.</p>
	<p>Sometimes the Principal will say that you don't have to come into college.</p>
	<p>Some students come into college on public or transport provided by college or by parents or carers.</p>
	<p>If you travel to college by yourself and you are going to be late, you must phone college to let them know.</p>
	<p>If you attend as much as you can, you will be able to learn and spend time with friends.</p>
